Dear Mr. Alcamo,

To confirm my phone conversation with you today regarding Master Metals, Inc. I have checked our accounting records, and our Purchasing records. We have never done business with this company. We have no waste that would produce lead, and when we need a new battery we trade the old one in at the auto parts store.

I have heard that there is a World Metals in Cleveland, but we are in Akron, Ohio.

Best regards,

E.W. Glause III
President
